HANDOUT
File No. PDA-095-12-TOP

To: City of St. Louis Planning Commission
From: Don Roe, Acting Director
Subject: Modification of City of St. Louis Sustainability Plan
Date: February 6, 2013

Summary

Submittal: Modification of Topical Plan for Planning Commission review and approval.

Planning Commission Review: After an extensive public review process and hundreds of changes, the Planning Commission approved the City of St. Louis Sustainability Plan as a Topical Plan at its January 9, 2013 meeting.

Proposed Modification: Since the Planning Commission's approval of the Sustainability Plan, a number of changes were identified internally by staff in the document's Education, Training & Leadership functional category. Most of the changes were minor (e.g., replacing "daycare centers" with "childcare centers"). But a few were more substantive in nature (e.g., replacing "Assure that every child achieves entry-level, first grade reading and math skills upon completion of kindergarten" with "Assure that every child enters kindergarten ready for school"). Due to the upcoming printing of the document for widespread distribution, there is a critical need for these changes to be reviewed and made as soon as possible. The proposed changes (pages 198-204 of the document) are attached for your review and approval.
